- Employment Status – Full-time

## **ABOUT CROY**

Croy currently serves as the engineering consultant for more than 30 airports across the Southeast – more than any other consulting engineering firm in Georgia. We are a company driven by community. From planning runways, highways, or greenways to designing, surveying, or managing construction projects – we've got your back. It's why our clients are our top priority – because communities aren't shaped just by projects, but by people. It's why we're committed to being approachable, accessible, and responsive. It's why as your needs change, challenges arise, or timelines get shortened, we're your first phone call. And, it's why we give back through volunteering, mentoring, and supporting non-profits. Because the places where you live, work, and play – we call them home, too. We believe in engineering the extra mile. It's what we do.
