

POSITION TITLE

Senior Transportation Engineer / Project Manager

RESPONSIBILITIES

- Manage transportation engineering projects, including the scoping, design, schedule, budgets, resources, quality control, and client relations.
- Serve as the primary point-of-contact for clients, including project planning, scoping, scheduling, and funding coordination; facility and project planning; subcontracting, funding application; and coordination with DOTs.
- Lead project teams to provide deliverables and services on-time, within budget, and to the client's satisfaction.
- Manage and mentor junior transportation engineers.
- Maintain quality control and assurance measures per Croy standards and requirements and provide oversight in development and production of project drawings, specifications, documents, and reports.
- Participate in and help lead strategic business development efforts targeted at growing Croy's Transportation Department.

PREFERRED QUALIFICATIONS

- Bachelor's degree in engineering or an engineering-related field from an accredited higher education institution
- Professional Engineer (PE) registration in Georgia (required)
- Extensive experience in transportation engineering and design for both the Georgia Department of Transportation (GDOT) and metro cities/counties
- Understanding of GDOT's Plan Development Process, Design Policy Manual, AASHTO, MUTCD, and Road Design Manual
- Experience using MicroStation, InRoads, OpenRoads, and/or AASHTOWare is a plus.

ABOUT THE ROLE

- Position Location – Marietta, Ga.
- Employment Status – Full-time
- Travel – Occasional

ABOUT CROY

We are a company driven by community. From planning runways, highways, or greenways to designing, surveying, or managing construction projects – we've got your back. It's why our clients are our top priority – because communities aren't shaped just by projects, but by people. It's why we're committed to being approachable, accessible, and responsive. It's why as your needs change, challenges arise, or timelines get shortened, we're your first phone call. And, it's why we give back through volunteering, mentoring, and supporting non-profits. Because the places where you live, work, and play – we call them home, too. We believe in engineering the extra mile. It's what we do. Learn more at croyengineering.com.
