

## **POSITION TITLE**

Survey Crew Chief

## **RESPONSIBILITIES**

- Act as the point-of-contact for clients in the field and communicate the progress of the project to the Survey Manager and/or engineer
- Supervise all field operations, such as measurements, drawing of sketches, construction staking, property corner staking, and other data collection
- Provide guidance to technicians on use of survey equipment and ensure that crew members follow standard procedures
- Operate GPS and scanning equipment with knowledge of their capabilities
- Manage daily downloading of data collectors
- Use field data and notes to draft projects to completion using CADD software

## **PREFERRED QUALIFICATIONS**

- High school diploma or equivalent
- Five years (at minimum) experience as a Survey Crew Chief
- Boundary/cadastral survey experience
- Topographic mapping skills
- Trimble survey equipment experience (Total Station and GPS)
- Topcon survey equipment experience (Robotics and GPS)
- Ability to perform calculations and work with computer programs
- Precise field note keeping and documentation skills
- Ability to walk long distances, work overtime/nights/weekends/out of town (as needed)

## **MINIMUM QUALIFICATIONS**

- Valid driver's license and clean motor vehicle report
- Ability to read, write, and understand plans and direction given in the English language
- Basic computer skills and the ability to create and/or edit in Microsoft Suite software
- Ability to stand for a minimum of three hours per day (up to eight hours per day)
- Ability to traverse a construction job site consisting of uneven ground varying in height and consistency of material, with variation of elevation 12 inches or less (i.e., mud, gravel, rutted ground, etc.)
- Ability to wear and work using GSI-standard PPE (i.e., hard hats, safety vests, work boots, safety glasses/goggles, etc.)

## **ABOUT THE ROLE**

- Position Location – Marietta, Ga. (with work in Huntsville, Fayetteville, and across the Southeastern United States)
- Employment Status – Full-time
- Compensation – \$21-\$26/hour (based upon experience)
- Benefits – Health insurance, 401(k), short-term and long-term disability insurance, dental insurance, wellness program, one month paid vacation per year, and a company vehicle (after a 90-day introductory period)
- Travel – Yes

### **ABOUT CROY**

Croy currently serves as the engineering consultant for more than 30 airports across the Southeast – more than any other consulting engineering firm in Georgia. We are a company driven by community. From planning runways, highways, or greenways to designing, surveying, or managing construction projects – we've got your back. It's why our clients are our top priority – because communities aren't shaped just by projects, but by people. It's why we're committed to being approachable, accessible, and responsive. It's why as your needs change, challenges arise, or timelines get shortened, we're your first phone call. And, it's why we give back through volunteering, mentoring, and supporting non-profits. Because the places where you live, work, and play – we call them home, too. We believe in engineering the extra mile. It's what we do.
